SHOWPOINT AS AN IN-OUT INDICATOR
USING INTERCHANGEABLE LETTERS

SHOW•POINT

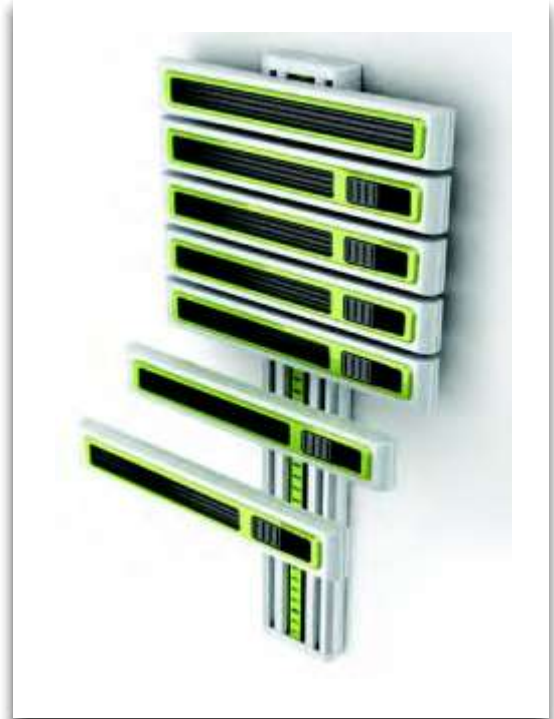

A new and versatile sign range with a variety of applications, only 3 products create all the examples shown in this brochure.

The Showpoint signage kit can be set up as a traditional staff 'In-Out' indicator or as a directional signage system. Matching door and desk plates compliment the range and can also be used for directional signage.

Individual modules can be titled by using the interchangeable letters provided or by simply creating desktop printed inserts. White inserts and a drywipe marker are also included for frequent title changes.

Symbol insert cards and extended alphabet characters ensure suitability for international markets.

Showpoint is supplied with pictorial assembly instructions and all fixings.

OPTIONAL AND 'S INCLUDED
TITLED USING PRINTED INSERTS

SHOWPOINT

AS AN IN-OUT INDICATOR

This versatile product provides a contemporary solution to one of the most frequently asked questions in any environment.

Styled in cool white with a striking accent colour.

Names can be created using -

- 1 **Interchangeable letters**
Supplied
- 2 **Computer generated print**
Header - 222 x 16mm
Module - 156 x 16mm
- 3 **Hand written**
Insert card and pen provided

Mounting post allows for equal spacing of 11, 9, 7 or 5 modules.

Name plates have a clear cover to prevent casual interference.

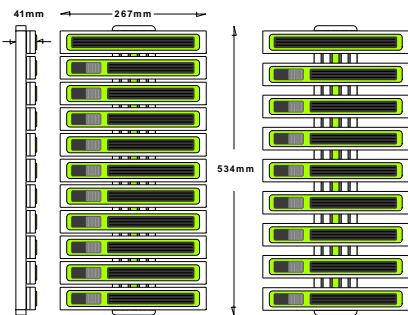

Supplied with anti-tamper strips to lock name plates in position for added security.

This kit has several applications – see page 6 for more ideas.

Simple self assembly with fully illustrated instructions.

SHOW•POINT

AS A DIRECTIONAL SIGNAGE SYSTEM

This modular directional signage system is easily set up by the user - saving costs over bespoke signage products. Information is quickly and simply changed as required.

Contemporary styled in cool white with a striking accent colour.

Kit details are provided below.

Names can be created using -

- 1 **Interchangeable letters**
Supplied
- 2 **Computer generated print**
Illustrated on previous spread

Supplied with easy to read characters which are up to 100% larger than some other systems.

Simply use your PC to print naming strips and trim to size:

Header - 222 x 16mm

Module - 156 x 16mm

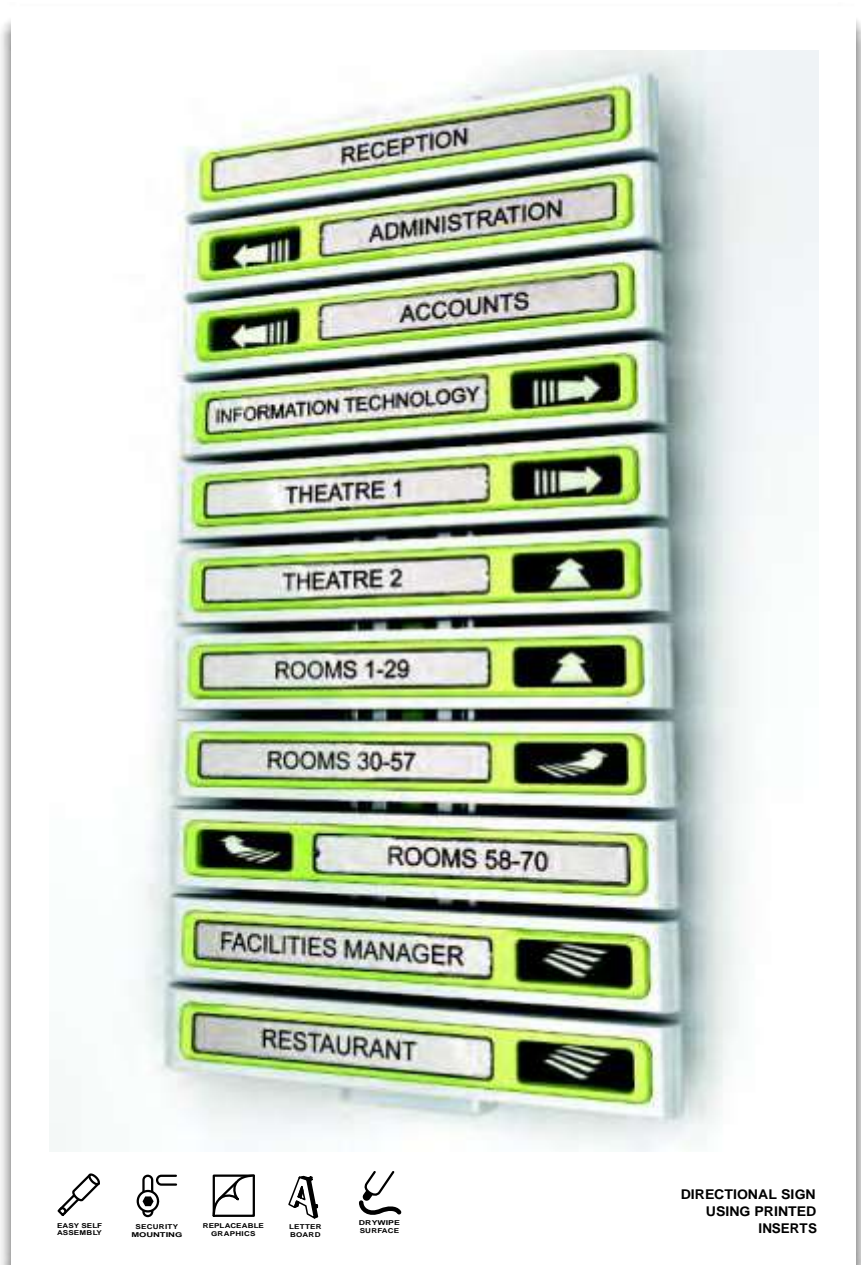

Downloadable template available

Installation takes a matter of minutes, simply affix the mounting post to the wall and snap each of the modules in place.

Modules can be mounted left or right handed to add flexibility to the layout.

Individual wall signs are available to continue the directional scheme throughout the building - see opposite.

For further information and kit details, please see page 4.
